## Why Assume there will be a 2024 Election? America's 1934 "Bankers' Coup Plot" Revisited

MATTHEW EHRET  
JUL 14

Trump's near assassination this weekend represents an incredibly important reminder of the stakes going into the 2024 election amidst a vast systemic collapse and heightened threat of a thermonuclear war. At this stage, despite the cast of compromised characters among Trump's support network, no one has displayed so consistent a quality of leadership that qualifies them for dealing with the current crisis as Trump has displayed.

I thought it fitting to revisit the recent Canadian Patriot Review film (based upon the essay "Why Assume There Will be a 2024 Election?") where we are introduced into this dense period of history from the orchestrated demolition of the financial system in 1929, the Wall Street/London fueled "economic miracle solution" of fascism and eugenics between 1930-1934, and the story of FDR's war with the financier oligarchy's London and Wall Street tentacles. From this vantage point, we are then thrust into a deep dive into the person of Smedley Butler and his courageous defense of the republic.

## Why Assume there will be a 2024 Election? America's 1934 "Bankers' Coup Plot" Revisited

MATTHEW EHRET · JULY 19, 2022

Earlier this week, former President Donald Trump announced his intention to run in the 2024 elections which is a no-brainer considering his support among potential republican contenders is 49% (compared to a 25% support for DeSantis) and no other candidate earning above 7%.
